**Notes:**

(1) Adjusted EBIT and EBITDA excludes the gain on sale of properties of \$27.7 million in 2016, goodwill and long-lived asset impairment charge of \$123.4 million in 2015, provision for product warranty of \$20 million in 2015 and inventory provision of \$61.3 million for 2015 and \$14.6 million for 2014, asset impairment charge of \$9.9 million in 2014, and a \$5.2 million in 2013.

(2) Restated due to adoption of IAS 19 (Amended 2011)

(3) This chart includes certain financial measures that are not prescribed by Canadian generally accepted accounting principles (GAAP) or have standardized meanings, and thus, may not be comparable to similar measures presented by other companies, for example EBIT and EBITDA and Other Information. Management believes that EBIT and EBITDA may be useful in assessing our operating performance and as an indicator of our ability to service or incur indebtedness, make capital expenditures and finance working capital requirements. EBIT and EBITDA should not be considered in isolation or as an alternative to cash from operating activities or other combined income or cash flow data. EBIT, EBITDA and a number of the ratios provided under Other Information are used by debt and equity analysts to compare our performance against other public companies. This terminology is defined on the inside back cover of our Annual Report. See financial statements for GAAP earnings.
