APPOINTMENT OF AUDITORS

Deloitte LLP ("Deloitte") were first appointed as our auditors in 1958 and have continued to be our auditors for over 58 years. As required for public companies, Deloitte rotates the lead audit partner. A new lead audit partner was assigned to us during the 2013 fiscal year. If a ballot is demanded at the Meeting, the shares represented by proxies in favour of management nominees will be voted in favour of the appointment of Deloitte as auditors of the Company, unless a shareholder has specified in a proxy that his or her shares are to be withheld from voting in the appointment of auditors. To be effective, the resolution to appoint Deloitte as auditors of the Company and to authorize the Directors to fix their remuneration must be passed by a majority of the votes cast at the Meeting in person or by proxy by shareholders entitled to vote thereon.

ADVISORY RESOLUTION ON EXECUTIVE COMPENSATION APPROACH

In 2010, the Board of Directors of the Company unanimously approved the adoption of an annual non-binding advisory vote by shareholders on executive compensation commencing with the annual meeting held in May 2010. This gives shareholders a formal opportunity to indicate whether they support the disclosed objectives of the executive compensation plans, and the plans themselves. In 2016, the Company's advisory "say on pay" resolution was overwhelmingly approved with 99% of the votes cast in support of the resolution. As a shareholder, you have the opportunity to vote FOR or AGAINST the Company's approach to executive compensation through the following resolution:

Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, that the shareholders accept the approach to executive compensation disclosed in the Company's Information Circular delivered in advance of the Annual Meeting of Shareholders to be held on May 3, 2017.

As this is an advisory vote, the results will not be binding on the Board of Directors. However, the Board of Directors will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions.

For information regarding the Company's approach to executive compensation please see "Compensation Discussion and Analysis" commencing on page 28 of this Circular and "Executive Compensation" commencing on page 40 of this Circular. **The Board of Directors recommends that the shareholders vote "FOR" the advisory resolution on the Company's approach to executive compensation. In the absence of a contrary instruction, the persons designated by management of the Company in the enclosed form of proxy will vote your common shares "FOR" the resolution to accept the approach to executive compensation as discussed in this Circular.**

As of February 28, 2017, BlackRock, Inc. through one or more of its mutual funds or other managed accounts, exercises control of or direction over approximately 6,241,781 common shares of the Company, representing approximately 10.11% of our outstanding common shares.

QUESTIONS AND ANSWERS

Who is soliciting my proxy?

Russel Metals' management is soliciting your proxy for use at the Meeting or at any postponement or adjournment thereof. The solicitation of proxies for the Meeting by the Company will be made primarily by mail, but our officers, employees and agents may also solicit proxies personally or by telephone. The cost of the solicitation of proxies will be borne by Russel Metals.

Who is entitled to vote?

Only holders of common shares may vote at the Meeting. As of March 7, 2017, the date of this Circular, there were 61,775,994 common shares outstanding. Each shareholder is entitled to one vote for each common share registered in his or her name as of the close of business on March 20, 2017, the record date for the Meeting.

How do I Vote?

Registered Shareholders

If you are eligible to vote and your shares are registered in your name, you can vote your shares by proxy or in person at the Meeting. **If you cannot attend the Meeting in person, you may vote by proxy. Voting instructions are included in the accompanying form of Proxy. To be valid, CST Trust Company must receive proxies no later than 3:00 p.m. (Eastern Time) on Monday, May 1, 2017 and, in the case of any postponement or adjournment of the Meeting, not less than 48 hours before commencement of the postponed Meeting or recommencement of the adjourned Meeting. The Company reserves the right to accept late proxies and to waive the proxy cut-off deadline, with or without notice, but is under no obligation to accept or reject any particular late proxy.**

Non-Registered Beneficial Shareholders

If your shares are held in an account with a trust company, securities broker or other financial institution (an "Intermediary"), you are considered to be a non-registered beneficial shareholder. The Intermediary is the legal entity entitled to vote your common shares for you, in the manner that you direct. The Company has paid all costs associated with the delivery of the Circular and related materials to its non-registered beneficial owners via their Intermediaries. Non-registered beneficial shareholders should not complete the form of proxy being circulated by management. Instead, you should follow the instructions and complete the form that your Intermediary delivered to you with this Circular. This form will provide the necessary instructions to your Intermediary as to how you would like to vote your common shares. All required voting instructions must be submitted to your intermediary sufficiently in advance of the proxy cut-off deadline to allow your intermediary to forward this information to CST Trust Company prior to the deadline. If you plan on attending the Meeting in person, you will not be entitled to vote in person unless the proper documentation is completed. You should contact your Intermediary well in advance of the Meeting and follow their instructions if you want to vote in person.

How do I appoint a proxyholder?

The Chair of the Board of Directors ("Chair") and failing him, the Chief Executive Officer ("CEO") of Russel Metals are the persons designated in the enclosed form of proxy who will represent management at the Meeting. **You have the right, as a shareholder, to appoint a different person to attend and to act on your behalf at the Meeting. You may exercise this right by inserting in the space provided in the form of proxy the name of the other person you would like to appoint as nominee. To be valid, proxies for use at the Meeting must be deposited with the Company (at its registered office) or with CST Trust Company no later than 3:00 p.m. (Eastern Time) on Monday, May 1, 2017 and, in the case of any postponement or adjournment of the Meeting, not less than 48 hours before commencement of the postponed Meeting or recommencement of the adjourned Meeting.**

If there is a ballot called for at the Meeting, the shares represented by proxies in favour of the persons named by management on the enclosed form of proxy will be voted or withheld from voting in accordance with the instructions specified by shareholders in the forms of proxy. If the shareholder specifies a choice with respect to any other matter to be acted upon, the shares will be voted accordingly.

If you have not specified in the form of proxy how to vote on a particular matter, your proxyholder is entitled to vote your common shares as he or she sees fit. If your proxy form does not specify how to vote on the advisory resolution on the approach to executive compensation and if you have authorized our Chair or our CEO to act as your proxyholder, your common shares will be voted "FOR" the advisory resolution to accept the approach to executive compensation as disclosed in this Circular.

What if there are amendments or other matters brought before the Meeting?

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments to the matters identified in the notice of Meeting or other matters that may properly come before the Meeting. Management is not presently aware of any such amendments or other matters.

What if I change my mind and want to revoke my proxy?

If you change your mind and want to revoke your proxy after you have delivered it to CST Trust Company, you (or your attorney if one has been authorized, or if a corporation, an officer thereof) may revoke it:

1. by completing an instrument in writing, bearing a later date, and delivering it:
 - to CST Trust Company or to our registered office located at 6600 Financial Drive, Mississauga, Ontario, L5N 7J6 at any time up to and including the last business day preceding the day of the meeting, or an adjournment thereof, at which the proxy is to be used; or

- (1) *Directors are required to own common shares and DSUs valued at not less than three times their current annual Board cash retainer and annual DSU allocation. The combined value of the common shares and DSUs is based on the higher of the closing price of a common share on the TSX or the value of such shares / DSUs at the time of acquisition / grant. The Directors are required to achieve the target value of share and DSU ownership within three years from their date of first election. See "Share Ownership of Non-Executive Directors" on page 26 of this Circular. All Directors standing for reelection were in compliance with the current share ownership threshold as at December 31, 2016, with the exception of Ms. Jeremiah. Ms. Jeremiah was first elected to the Board of Directors on May 3, 2016; as such she has until May 3, 2019 to reach the required target value of share and DSU ownership.*

- (6) *"Independent" has the meaning prescribed by applicable policies of the Canadian Securities Administrators, which generally provide that a director would not be independent if he or she has a material relationship, which could, in the view of the Board, reasonably be expected to interfere with the exercise by the Director of his or her independent judgment.*

DUPLICATION OF BOARD MEMBERSHIP

During 2016, none of our Directors were members of the same board of another public company.

MAJORITY VOTING

Our Board has adopted a majority voting policy. This policy provides that any nominee for election as a Director who has more votes withheld than votes for his or her election at the Meeting must tender his or her resignation to our Chair following the Meeting. This policy applies only to uncontested elections, meaning elections where the number of nominees for Director is equal to the number of Directors to be elected. The NCG Committee and the Board of Directors shall consider the resignation and whether or not it should be accepted. We will accept resignations absent exceptional circumstances that would warrant the applicable Director continuing to serve as a Board member. In this event, our Board shall disclose its decision, via press release, within 90 days of the applicable annual meeting. If a resignation is accepted, the Board may appoint a new Director to fill any vacancy created by the resignation. A copy of this policy can be found on our website at www.russelmetals.com (see "Investor Relations" and "Corporate Governance").

If a poll is demanded on any vote for election of any Director at the Meeting, and if you have authorized our Chair or our CEO to act as your proxyholder, your common shares will be voted in the manner specified in your proxy. In the event that any vacancy occurs in the slate of nominees identified above, proxies in favour of management will be voted for another nominee at the discretion of management unless you specify in your proxy that your common shares be withheld from voting in the election of Directors.

COMMITTEES OF THE BOARD OF DIRECTORS

We are required by applicable securities laws to have an audit committee of the Board (the "Audit Committee"). Other committees of the Board are the Management Resources and Compensation Committee (the "MR&C Committee"), the NCG Committee and the Environmental Management and Health & Safety Committee (the "EMH&S Committee"). The members of the committees are as follows:

NUMBER OF BOARD AND COMMITTEE MEETINGS HELD AND ATTENDANCE

Meetings of Independent Directors

Our independent Board members hold an in camera session without management and non-independent board members at every quarterly meeting. The only meetings at which the Board does not meet without management and non-independent board members are those special meetings held by conference call for specific purposes, such as approvals related to acquisition or financing transactions. The Company's independent Board members met separately at four scheduled quarterly board meetings held during 2016.

The following table summarizes the meetings of the Board and its committees held in 2016.

Board / Committee	No. of Meetings for 2016
Board of Directors	4
Audit Committee	4
Environmental Management and Health & Safety Committee	2
Management Resources and Compensation Committee	3
Nominating and Corporate Governance Committee	4

Attendance at Board and Committee Meetings Held

We believe that an active board governs more effectively. We expect Directors to attend all quarterly meetings of the Board, all regularly scheduled meetings of committees of which they are members and the annual meeting of shareholders. While we recognize that the short notice of special Board or committee meetings may sometimes conflict with the schedules of our Directors, we expect Directors to exercise reasonable efforts to attend all special meetings of the Board and its committees. Directors may participate by teleconference if they cannot attend in person. The table below summarizes the number of Board and committee meetings attended by each Director during 2016. The Directors' attendance records are also included in the Board nominee table commencing on page 10 of this Circular.

SKILLS AND EXPERIENCE

A Board of Directors with a broad mix of skills is better able to oversee the wide range of issues that arise with a company of our size and complexity. Accordingly, each Director is evaluated on the basis of the mix of experience and qualifications they provide. The NCG Committee uses a skills matrix to assist with reviewing the skill set of current Directors as well as identifying director candidates who best meet the needs of the Company. The matrix outlines the desired complement of skills and areas of expertise considered important which includes, among others, industry experience, financial literacy, CEO/senior officer experience, experience in areas of executive compensation, operational experience, familiarity with the regions in which the Company operates and knowledge of corporate governance. Each director is required to indicate their level of proficiency for each of the skills and areas of expertise. The criteria for assessing directors' skills and experience is set out in the following table.

Skill/Experience Ranking				
Expert 5	Proficient 4	Some Proficiency 3	Limited Proficiency 2	No Proficiency 1
The director has had many years of experience that is directly applicable to the Corporation. This experience may stem from the director's role within industry or as an advisor. The director considers himself/herself to be (a) very proficient and an expert in the area and (b) current and up-to-date on developments relevant to the skill or experience.	While not necessarily an expert, the director considers himself/herself to be proficient with the skill, and has had many instances where he/she has had to demonstrate or rely on the skill in question. The director considers himself/herself to be current on relevant developments.	The director has previously had some experience with the specific skill, although the experience may no longer be current. The director is comfortable providing input and insight as it relates to the skill in question but does not consider (or no longer considers) himself/herself to have significant expertise in the area.	The director has some familiarity with the skill in question either through self-study, attendance at seminars or exposure in other capacities. The director has limited or no "real life" experience where he or she would personally have had to use the specific skill or rely on the specific experience.	The director has no/very limited experience in the area.

Following receipt of the director self-assessment, the NCG Committee reviews the assessments and discusses and analyzes the results. The skill assessment ranking is also a tool in developing programs for continuing Director education. The following matrix summarizes the number of Directors with expert or proficient skills and experience in the areas which the NCG Committee believes are relevant to the business and governance of the Company.

REPRESENTATION OF WOMEN

Representation of Women on the Board of Directors

Three of the ten (30%) of the Company's current Directors, all of whom are standing for reelection, are women. Mrs. Lachapelle, Ms. Laberge and Ms. Jeremiah have been Directors of the Company since 1996, 2007 and 2016, respectively.

Representation of Women in Executive Officer Positions

In addition to our three female Directors, four of fourteen (29%) of the Company's executive officer positions (including executive officers of the Company's major subsidiaries) are held by women and two of five (40%) of our Named Executive Officers (as defined on page 28 of this Circular) are women. Ms. Britton is the Executive Vice President, CFO and Secretary of the Company and has been with the Company since 1987. Ms. Kelly is the Vice President, Information Systems of the Company and has been with the Company since 1998.

The Company believes that a Board made up of highly qualified individuals from diverse backgrounds promotes better corporate governance, performance and effective decision-making. The Board has not, at this time, adopted any fixed targets or quotas relating to the representation of women on the Board or in executive officer positions as we do not believe that quotas or a formulaic approach necessarily result in the identification or selection of the best candidates. The NCG Committee nonetheless makes efforts to ensure that directors and officers have a wide range of skills, experiences and backgrounds to meet the needs of the Company. To support this objective, the NCG Committee and the Company will, when seeking candidates for the Board or senior executive positions, among other things (a) consider candidates who are highly qualified based on their experience, functional expertise and personal skills and qualities; and (b) consider diversity criteria including gender and geographical background of the candidate.

BOARD EDUCATION

The NCG Committee is responsible for reviewing the Company's director education program. In 2016, continuing education sessions were held on the day prior to most regularly scheduled Board meetings or were incorporated into the Board Meetings. These sessions included presentations by senior management on topics germane to the Company and its business. Directors may also attend relevant external education programs at our expense. A summary of the educational sessions held in 2016 and the directors in attendance is set out below.

⁽¹⁾ With the exception of the Deferred Share Unit Plan, the Company does not provide compensation by way of options, non-equity incentive plans, pension or other plans to the non-executive Directors.

Deferred Share Unit Plan

We have a Deferred Share Unit Plan ("DSU Plan") for non-executive Directors. A DSU is a unit equivalent in value to one common share based on the Market Price. The "Market Price" for the purposes of grants, redemptions and dividend payments under the DSU Plan is calculated based on the average of the daily average of the high and low board lot trading prices of our common shares on the TSX for the last five trading days immediately prior to the date on which the value of the DSU is determined. DSUs are allocated on the last day of March, June, September and December in each year. In 2016, the number of DSUs credited quarterly to each Director's account was determined by dividing \$18,000 by the Market Price at the allocation date. A Director may elect to receive payment in DSUs, rather than cash, for all or a portion of his or her annual Board retainer, annual chair retainer and / or meeting fees, by providing the required notice to the Company in accordance with the DSU Plan.

Directors are credited with additional DSUs on each dividend payment date in respect of common shares, in an amount that corresponds to the amount of the dividend, based on the number of the DSUs recorded in the Director's account on the record date for payment of the dividend and the Market Price of the common shares on such dividend payment date.

DSUs are redeemable only when a Director leaves the Board, thereby providing an ongoing equity stake throughout the Director's service. The DSU Plan provides Directors with flexibility to redeem their DSUs within a prescribed period of time following the date on which they cease to be Directors. A departing Director will receive a cash payment upon redemption which can be no later than December 15 of the first calendar year commencing after the Director's withdrawal date. The value of the cash payment is determined by multiplying the number of DSUs in the Director's account on the redemption date by the Market Price on such redemption date. Applicable income tax and other withholdings are deducted as required by law.

Deferred Share Units Held

As at March 7, 2017, the non-executive Directors held an aggregate of 207,650 DSUs, which were valued at an aggregate of \$5,515,185 as of such date. The number of DSUs held by each non-executive Director and their value as at March 7, 2017 is provided in the following table.

NON-EXECUTIVE DIRECTORS	NUMBER OF DSUs HELD AS AT MARCH 7, 2017	VALUE OF DSUs AS AT MARCH 7, 2017⁽¹⁾

⁽¹⁾ Based on the closing price of a common share on the TSX on March 7, 2017 of \$26.56.

SHARE OWNERSHIP OF NON-EXECUTIVE DIRECTORS

The target value of share ownership is three times the value of the aggregate of the annual Board retainer and the annual DSU grant. As a result, each Director (other than the Chair of the Board) is required to own common shares and DSUs with a combined value of not less than \$336,000. The Chair of the Board is required to own common shares and DSUs with a combined value of not less than \$741,000. All Directors have met their current share ownership threshold.

For purpose of this policy (i) common shares purchased by a Director are valued at any particular time at the higher of the then current market value and the cost of such shares to the Director; and (ii) DSUs are valued based on the higher of the then current market value of a common share and the Market Price at the date of grant. The following table summarizes the share ownership of the non-executive Directors and their compliance with the foregoing policy as at December 31, 2016.

As at March 7, 2017, the nominees for election at the upcoming Meeting of shareholders beneficially own or control an aggregate of 177,947 common shares, which number includes the common shares owned by our executive Director.

Increase in Non-Executive Directors' Combined Share / DSU Ownership

Together, the number of the common shares and DSUs owned by the current non-executive members of the Board of Directors as at March 7, 2017 has increased 22.36% from the combined number of common shares and DSUs owned by these non-executive Directors as at March 11, 2016 (the disclosure date used in our Information Circular for our meeting held in 2015). The common share and DSU ownership as at March 11, 2016 and March 7, 2017 is summarized in the following table.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

In December 2016, we renewed, for the benefit of Russel Metals, its subsidiaries and their Directors and Officers and their respective spouses, insurance against liability incurred by the Directors or Officers in their capacity as Directors or Officers of Russel Metals or any subsidiary. The total amount of insurance coverage is \$105 million and, subject to the deductible portion referred to below, up to the full-face amount of the policies is payable, regardless of the number of Directors and Officers involved. The annual premium for the policy year to December 1, 2016 was \$186,000. The policies do not specify that a part of the premium is paid in respect of either Directors as a group or Officers as a group. The policies provide for deductibles as follows: (i) with respect to our Directors and Officers, there is no deductible applicable; and (ii) with respect to reimbursement of the Company, there is a deductible of \$100,000 per occurrence.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes (a) our compensation philosophy; (b) the decision making process relating to our compensation policy; (c) the significant elements of compensation awarded to, earned by, paid to or payable to the CEO, the Executive Vice President and Chief Financial Officer ("CFO") and each of the next three most highly compensated executive officers of the Company (collectively, the "Named Executive Officers" or "NEOs") for the year ended December 31, 2016; (d) compensation governance; and (e) our assessment of the risks related to compensation policies and practices.

COMPENSATION PHILOSOPHY

The MR&C Committee reviews and makes recommendations to the Board for the specific compensation arrangements of the CEO, the President and Chief Operating Officer (the "COO") and the CFO; the Company's overall compensation philosophy; and its incentive-based cash compensation plans and equity-based compensation plans. Our executive compensation policies and practices are designed:

- (i) to attract, motivate, and retain highly competent management by offering a competitive target level of total compensation;
- (ii) to motivate, recognize and reward superior performance by maintaining a high proportion of executive pay at risk and linking it to key performance measures, including earnings per share and share price appreciation and, at the operating level, return on net assets; and
- (iii) to foster commitment to the Company and alignment with shareholder interests through the effective and judicious use of earnings-based and equity-based incentives.

Pay for performance is an important underlying principle of our executive compensation philosophy, with the result that, at virtually all levels throughout the Company, variable compensation can represent a substantial proportion of total compensation in a successful year. Our objective is to achieve competitive compensation for key executives and ensure an appropriate balance between short-term, mid-term and long-term incentives.

Our compensation structure consists of three main elements: (i) base salary; (ii) cash bonus; and (iii) equity incentives, in the form of RSUs, share option grants or share appreciation rights. The compensation plan is more heavily weighted to the performance driven cash bonus and equity incentives with less weight on base salary.

The level of RSU grants is conditional on the past financial performance of the Company. The value of RSU payments is conditional on future price performance of the Company's outstanding shares, which is linked to the Company's future financial performance.

Our RSU grants and cash bonuses (for all executives and a large percentage of other employees) are tied to the Company's earnings per share in a given year. We believe that earnings per share is the most appropriate metric for assessing the Company's performance and incentivizing management and aligns well with a pay for performance model.

We are a collection of businesses with common characteristics; however the customers, suppliers, industries served and goods and services offered by the various business units can vary widely from region to region and business unit to business unit. It is for that reason we have a decentralized management structure, which places significant control and decision making authority and accountability in the hands of local management and has enabled us to remain responsive to opportunities and customers' needs in each region in which we operate.

The profitability of the Company and its various business units is highly dependent upon the price of steel. It is also highly dependent upon the price of crude oil and the corresponding level of activity in the oil and

gas industry and the impact of that industry on general levels of industrial activity in the regions in which we operate. We are focused on maintaining profitability throughout the economic cycle by stressing financial discipline. Accordingly, we incentivize and reward each business unit based on its return on net assets, while head office employees and senior management are incentivized and rewarded based on the Company's earnings per share, which is an appropriate proxy for an aggregation of the return on net assets of each of the business units.

The Company's earnings per share performance thresholds ensure that significant bonuses will not be paid to senior management in a year when the Company does not do well for its shareholders. In a cyclical business, linking incentive compensation to performance relative to a defined industry comparator group, for example, could result in such an incongruity. The Company's industry peers are also impacted by volatility in metals prices and variations in oil and gas activity, and we do not believe that incentive compensation should be paid simply because the Company out-performs its peers in a declining market, unless the shareholders also profit through the Company's earnings. Additionally, as described in more detail below, there are a limited number of public Canadian companies operating in the metals industry with whom we can compare ourselves. Performance of US comparators, while instructive, may not be an appropriate benchmark for measuring the performance of our senior management team as approximately 70% of our business and revenues are generated in Canada.

The Company also has caps in place on incentive compensation to protect against excessive compensation rewards resulting primarily from cyclical increases in commodity prices or levels of oil and gas activity.

The Company has been consistent in its approach and application of the incentive compensation structure throughout the economic cycle so as to link pay with performance. We have not in past economic cycles lowered our targets or performance thresholds to make the incentive compensation more generous or more easily achieved for our Named Executive Officers during a down cycle. For instance, as a result of the Company's financial performance in 2015, Named Executive Officers did not receive a cash bonus or an RSU grant. Over the course of the economic cycle, we believe senior management will be appropriately incentivized and compensated, but believe such compensation should be linked to Company performance.

The charts below summarize the short-term, mid-term and long-term incentives of our compensation programs.

SHORT-TERM INCENTIVES		
Compensation Element / Eligibility	Description	Linkage to Compensation Objectives
Base Salary <i>(all executives and employees)</i>	Base salary is a market-competitive, fixed level of compensation, which is reviewed annually. For the CEO, COO and CFO, less weight is given to base salary and a greater weight is allocated to performance-based incentives.	Attract and retain highly qualified leaders. Motivate strong business performance.
Cash Bonus - Non-Equity Incentive <i>(all executives and a large percentage of employees)</i>	Combined with base salary, the target level of performance driven cash bonus provides market competitive cash compensation. For head office employees in support functions such as information systems, purchasing, accounting and human resources the cash bonus is driven by earnings per share. For most employees in the Company's operating units, the cash bonus is driven by return on net assets of their operations.	Attract and retain highly qualified leaders. Motivate strong business performance. Vary compensation based on earnings performance. Align employee and shareholder interest. Reduce expense levels in periods of cyclical downturn.

ANNUAL COMPENSATION DECISION MAKING PROCESS

We have developed a comprehensive process for making decisions about compensation arrangements for our executive officers and senior employees. The table below illustrates the different inputs used to determine the compensation program and the flow of information, recommendations and approval by the Board of Directors.

MANAGEMENT		MANAGEMENT RESOURCES & COMPENSATION COMMITTEE	BOARD OF DIRECTORS
CEO		Analyzes data and performance against objectives, confers with outside advisors and makes recommendations to the Board.	Final decision on all compensation.
COO and CFO	CEO analyzes data ⁽¹⁾ and performance against objectives and makes recommendations to the MR&C Committee.	Reviews data, confers with outside advisors and CEO and makes recommendations to the Board.	Final decision on all compensation.
Other NEOs	CEO and COO analyzes data and performance against objectives. Makes final decision.		Final decision on equity based compensation.
Other Employees	CEO, COO or CFO develops and approves in consultation with human resources and local management.	Annually reviews a summary of fixed and variable compensation for 50 top paid executives, managers and sales staff.	Final decision on equity based compensation.
⁽¹⁾ Reviews data such as surveys, peer group information and internal equity platforms.			

Compensation Comparator Group

The MR&C Committee uses various information sources, including independent consultants, to monitor the competitive position of the Company's salaries, cash incentives and share based incentives, and to assess the effectiveness of the Company's incentive plans in contributing to corporate performance. The MR&C Committee uses comparative data to ensure the ability of the Company to attract, retain and motivate key executives. The comparator group includes large publicly held industrial companies in Canada and the United States and other companies operating in the metals industry in North America, in each case with annual revenues roughly in the range of 50% to 200% of the annual revenues of the Company. Due to a limited number of public Canadian companies operating in the metals industry, we include in our comparator group select public Canadian companies operating in industrial manufacturing, forest products, distribution, construction, resource and commercial printing businesses with annual revenues within that same target range.

Our executive compensation policies provide for total direct compensation levels which, at target earnings levels, are intended to be competitive with similar positions in the comparator group. Individual levels, which are reviewed annually, may vary from this objective depending upon the particular experience and other qualifications of the individual, sustained performance level, length of service and other relevant factors. We use comparator group information as a general guide to assist in reviewing compensation levels and establishing compensation arrangements appropriate to our circumstances. We do not set compensation by using specific benchmarks relative to the comparator group or any particular company in the comparator group.

The companies included in our executive compensation comparator group consist of:

INCENTIVE COMPENSATION STRUCTURE OF NAMED EXECUTIVE OFFICERS

CEO, COO and CFO

The following tables disclose the reward structure for cash bonuses, RSUs and share options for the CEO, the COO and the CFO for 2016.

The cash bonus and RSU awards for the CEO, the COO and the CFO are tied to earnings per share of \$1.00 or more. The RSUs and share options will result in a different payout on the exercise or expiry dates, as the share value changes over the vesting period.

Incentive Compensation Tables

The following tables summarize the incentive compensation structure for the CEO, the COO and the CFO for 2016.

CEO – 2016					
Earnings per Share	< \$ 1.00	\$ 1.00	\$ 1.50	\$ 2.00	\$ 3.00
Cash Incentive as % of Salary	0%	30%	95%	159%	237%
RSU as % of Salary	0%	30%	122%	213%	318%
Share Option Value	\$350,000	\$350,000	\$350,000	\$350,000	\$350,000

COO – 2016					
Earnings per Share	< \$ 1.00	\$ 1.00	\$ 1.50	\$ 2.00	\$ 3.00
Cash Incentive as % of Salary	0%	30%	80%	130%	230%
RSU as % of Salary	0%	30%	65%	100%	170%
Share Option	\$250,000	\$250,000	\$250,000	\$250,000	\$250,000

CFO – 2016					
Earnings per Share	< \$ 1.00	\$ 1.00	\$ 1.50	\$ 2.00	\$ 3.00
Cash Incentive as % of Salary	0%	30%	90%	150%	270%
RSU as % of Salary	0%	30%	55%	80%	130%
Share Option Value	\$210,000	\$210,000	\$210,000	\$210,000	\$210,000

No cash bonus or RSU awards will be made under this plan unless earnings per share are at least \$1.00. Where reported basic earnings per share are above \$1.00 and between the other thresholds set out in the above tables, the size of the grant is proportionately increased. The incentive awards are capped at \$3.00 per share. Any additional bonus award for earnings in excess of \$3.00 per share is at the complete discretion of the Board.

The annual cash incentive for any year is typically paid in the first quarter of the following year, after the audited financial statements are approved by the Board of Directors. Similarly, the RSUs are awarded annually, in the first quarter of each year, based on the prior year's earnings per share.

The dollar values of option grants made to Mr. Hedges, Mr. Reid and Ms. Britton for 2016 were determined based on the incentive compensation tables above. The number of share options granted in each case was determined based on the dollar value specified divided by the Black-Scholes value per option based on the closing price of a common share on the TSX on the business day prior to grant. These amounts were recommended by the MR&C Committee and approved by the Board.

The Company has in place a policy whereby the Board may require Mr. Hedges, Mr. Reid and Ms. Britton to reimburse any overpaid incentive compensation based on certain financial results which are later restated.

Other Named Executive Officers

Ms. Kelly, our Vice President, Information Systems earned an annual salary of \$300,000 in 2016. The annual salary for Mr. Halcrow, our Vice President, Purchasing and Inventory Management, was increased from \$175,000 to \$179,380 on October 1, 2016. Ms. Kelly and Mr. Halcrow participate in an annual cash incentive plan based on reported basic earnings per share, to a maximum amount determined annually during the first quarter of the respective year. For 2016, the maximum net income for determining bonus awards for participants in this plan was set at \$200 million, which equates to \$3.24 per share. Based on basic earnings per share achieved and a pre-determined factor at various levels, a pool of funds is divided among all head office employees, other than the CEO, COO and the CFO. The percentage participation of each person in the plan, including Ms. Kelly and Mr. Halcrow, is determined on an annual basis by the CEO and the CFO based on a variety of relevant factors, including level of responsibility and performance in the year.

COMPENSATION GOVERNANCE

Management Resources & Compensation Committee – Members and Skills

In order to ensure that the Board of Directors is kept constantly apprised of the activities of the MR&C Committee, the Committee Chair reports to the Board of Directors at its quarterly meetings.

The MR&C Committee members have a range of skills and experience which provides the expertise necessary to oversee the Company's executive compensation structure. These skills are supplemented with input from independent compensation consultants. The relevant experience of the MR&C Committee members is summarized below.

Responsibilities of the Management Resources & Compensation Committee

The MR&C Committee's purpose is to assist Board oversight of executive and Director compensation and management succession planning. In doing so, the MR&C Committee is responsible for (i) independently reviewing and making recommendations to the Board on the CEO's total compensation; (ii) reviewing and making recommendations to the Board concerning total compensation of other executive officers and Directors; (iii) approving and monitoring share ownership policies; (iv) overseeing any changes to the design of the Company's pension plans and 401k plans; (v) reviewing the risk implications of the Company's compensation policies and practices; (vi) reviewing compensation disclosure in public documents, including the Compensation Discussion and Analysis, for inclusion in this Circular in accordance with applicable rules and regulations; and (vii) making recommendations to the Board with respect to management succession, including the development and implementation of an effective succession plan for the position of CEO and other senior management positions.

Policies and Practices – Used to Determine Executive and Board Compensation

Our compensation policies and practices for our executive officers have been described under "Compensation Philosophy", commencing on page 28 of this Circular. The MR&C Committee reviews and makes recommendations to the Board regarding Director and executive officer compensation with reference to appropriate comparator groups of companies. The most recent benchmarking analysis was conducted in 2014; the MR&C Committee plans to complete an executive compensation benchmarking analysis in 2017. There were no changes to the composition of the components of the executive's pay structure in 2016.

Authority of the Management Resources & Compensation Committee

The MR&C Committee has the authority to retain and terminate advisors to assist in the evaluation of Director, CEO or senior executive compensation. The MR&C Committee also has the authority to approve the fees and retention terms of any such advisors. The MR&C Committee may form and delegate authority to subcommittees that it deems appropriate. The MR&C Committee has the authority to make recommendations to the Board, but has no decision-making authority other than as set out above.

Succession Planning

The Board believes that its single most important decision is the selection of the CEO and the CEO's successor. In addition, the Board believes a strong management team provides for a flexible top performing company in a cyclical industry. Accordingly, the Board is diligent in its discussions of management succession planning for the CEO, 19 corporate and head office senior managers and 19 general managers of our business units, who are key to our decentralized management structure.

In camera Board meetings are held with and without the CEO annually, to discuss succession plans.

The Board regularly interacts with senior management and key operations staff members through formal presentations to the Board, facility tours and social events prior to Board meetings.

Our directors regularly have one on one meetings with senior managers to build confidence and help guide the careers of senior managers. This also allows the Board members to evaluate the potential future leaders of the Company.

We have in place compensation programs, educational programs, such as the Metal Service Center Institute Strategic Metals Management Course, an internal next generation leadership program and other types of courses to ensure our employees are prepared for higher levels of responsibility. The Board also annually reviews our pay for performance, pension and other compensation programs to ensure their ongoing effectiveness.

Our culture stresses developing our employees and promoting from within. The CEO, COO, CFO and the majority of all senior executives in our business units have been promoted from within the Company.

On an annual basis, the Board of Directors, through its MR&C Committee, reviews succession plans for the position of CEO and establishes and oversees processes for evaluating the performance of the CEO. The MR&C Committee reviews with the CEO the succession plans for senior management and the CEO's assessment of their performance. The Board of Directors approves the appointment of the COO and CFO and all other corporate officers.

Executive Compensation Consultant

The MR&C Committee receives periodic information and advice from Hugessen, an independent executive compensation consultant. Hugessen was first retained by the MR&C Committee in 2007; however, Hugessen's services were not utilized during 2015 given Hugessen had completed an extensive analysis of non-executive director and executive compensation in late 2014, at a total cost of \$109,591. In 2016 Hugessen was retained by the MR&C Committee for targeted advice relating to long-term executive compensation matters.

The following table summarizes the executive compensation consulting and other fees charged by Hugessen for their services during each of the 2015 and 2016 fiscal years:

SERVICE	FISCAL YEAR 2016	FISCAL YEAR 2015
Executive Compensation	\$6,300	-
Other Fees	-	-
TOTAL	\$6,300	-

Executive Compensation – Related Fees

In 2017 the MR&C Committee retained Hugessen for executive compensation consulting related to the MR&C Committee's planned review of the Company's executive compensation arrangements. Hugessen will assist the MR&C Committee in evaluating and developing its recommendations in respect of senior management compensation for 2018 and beyond. The MR&C Committee considers the information provided by Hugessen, among other factors, when making recommendations to the Board for approval. The Board is ultimately responsible for compensation decisions.

All Other Fees

Hugessen is prohibited from doing any other work for the Company or any of its affiliates without the prior express authorization of the Chair of the MR&C Committee. In the fiscal years of 2016 and 2015, no additional services were undertaken by Hugessen.

RISK MANAGEMENT AND RISKS RELATED TO COMPENSATION POLICIES & PRACTICES

We have implemented an enterprise risk management ("ERM") program which is discussed in our most recent Annual Information Form under the heading "Risk Management and Risks Affecting Our Business". A formal enterprise risk management assessment and report including mitigation strategies has been presented to the Board, and the executive team regularly updates the Board during and in between quarterly Board Meetings on market conditions, our operations and of any other material changes in the business or risks impacting the Company.

Our committees also monitor risk across the organization and the allocation of responsibility amongst the Board and its committees is as follows:

Board or Committee	Areas of Responsibility
Board of Directors	Overall responsibility to risk oversight at Russel Metals and specific responsibility for strategic business risks.
Audit Committee	Oversees financial risks including hedging, tax and accuracy of financial reporting.
Environmental Management and Health & Safety Committee	Oversees health, safety and environmental risk and related operational risks.
Management Resources and Compensation Committee	Oversees compensation risk, talent management risk and succession risk.
Nominating and Corporate Governance Committee	Oversees governance and management to ensure appropriate risk management processes and procedures are in place.

We have had a pay for performance philosophy for many years. The compensation plans have evolved and are regularly reviewed to determine whether they reward participants for the desired outcome. The plans are also assessed for their ability to protect against risks that could have materially adverse consequences for the Company. Set out below are some of the components of our compensation policy and a description of how these components serve to safeguard against the taking of undue risk.

EXECUTIVE OFFICER COMPENSATION PLANS – RISK SAFEGUARDS	
Key Component	Description
Profit Driven	Variable compensation plans are either earnings per share-based or return on net assets-based. This design considers both earnings and capital requirements. As we are a working capital intensive company, profit sharing needs to consider cost of capital.
Plans are formula driven from financial statement results	Incentive plans have a formula which can be reviewed and determined based on actual results.
Plans have thresholds and maximum payout limits, subject to discretionary rewards above or below	The compensation plans for executive officers have thresholds and caps. The caps ensure that management is not incented to take undue risks.
Clawback policies that require reimbursement of overpaid incentives	The CEO, COO and CFO are subject to clawback provisions if the Company's results are later restated due to an error in reporting.
Mix of short and longer term incentives	The CEO, COO and CFO receive a significant portion of their variable compensation in RSUs which are subject to changes in the common share price for three years after the date they are granted.
Share ownership requirements help align executive officer interests with those of the shareholders	Within prescribed time limits, the CEO is required to own a combination of common shares and RSUs valued at five times his base salary, the COO is required to own a combination of common shares and RSUs valued at three times his base salary and the CFO is required to own a combination of common shares and RSUs valued at two times her base salary.
Role of MR&C Committee and the Board of Directors in Risk Assessment	<p>The MR&C Committee is composed of independent Directors. It reviews and evaluates the appropriateness of performance objectives and their alignment with compensation. The MR&C Committee annually reviews the compensation of the 50 top paid executives, managers and sales staff.</p> <p>The Board of Directors gives final approval for executive compensation.</p> <p>Communication is achieved, in part, by cross-committee membership. (1) Mr. Reid was promoted to President on January 1, 2016

(2) In U.S. dollars Mr. Reid's salary was: 2016 – US\$615,000; 2015 – US\$615,000; 2014 - US\$548,539 and his total compensation was 2016 – US\$1,519,152; 2015 – US\$867,949 and 2014 -US\$2,279,743. These amounts have been converted to Canadian dollars using the U.S. dollar published average exchange rates for 2016, US\$1.00 = Cdn\$1.3256; 2015, US\$1.00 = Cdn\$1.2788 and 2014, US\$1.00 = Cdn\$1.1047.

(3) The aggregate dollar value of the RSUs granted based on Market Price, (as defined in the RSU Plan) on the date of grant is equal to the amounts shown in the table; however, Mr. Reid's grant is further adjusted to the average noon exchange rate for the five business days immediately preceding the date of grant. For information relating to the RSU Plan, see "Restricted Share Unit Plan", commencing on page 44 of this Circular.

(4) These amounts represent the Black-Scholes valuation of share options granted using the following assumptions: dividend yield: 5% for 2016, 2015 and 2014; expected volatility (based on historical volatility over the last 5 years): 26% for 2016, 21% for 2015 and 32% for 2014; expected life: 5 years; risk free rate of return: 2% for 2016, 2% for 2015 and 2.75% for 2014; and weighted average fair value of options granted: \$2.16 for 2016, \$2.67 for 2015 and \$5.43 for 2014. The share options were priced based on the higher of the closing price of the common shares on the TSX on the day prior to the grant and the closing price on the second business day following the grant. See "Share Option Plan" commencing on page 42 of this Circular.

(5) Non-equity incentive plan compensation is paid to the NEOs annually in February after approval by the Board based on earnings per share achieved during the year.

(6) The amounts shown represent the Company's contributions to the Value Sharing Plan (as defined on page 42 of this Circular) for each of the Named Executive Officers; premiums for a life insurance policy for Mr. Hedges; payments related to a life insurance policy for Mr. Reid, see "Life Insurance Policy" on page 50 of this Circular; a bonus of US\$250,000 for Mr. Reid in respect of a real estate transaction by the Company; premiums for Group Term Life Insurance for each of the Named Executive Officers; auto allowance (of \$19,035) for Mr. Halcrow; and a golf club membership (\$6,598) for Mr. Halcrow. Mr. Hedges, Ms. Britton and Mr. Reid received an auto allowance during 2016, 2015 and 2014; however, the same has not been disclosed for these Named Executive Officers as it is less than 10% of their total salaries. Ms. Kelly does not receive an auto allowance. Mr. Halcrow is the only Named Executive Officer to receive a golf club membership. Group Term Life Insurance and Value Sharing Plan benefits are generally available to all employees.

SHARE OWNERSHIP POLICY – CEO, COO AND CFO

We have a policy for our CEO, COO and CFO requiring them to own a specified value of common shares and RSUs combined. The target values of share ownership under the policy were increased on August 12, 2014. Each of the CEO, COO and CFO met the share ownership threshold that was in place prior to August 12, 2014. The policy now requires the CEO to own an aggregate of common shares and RSUs valued at not less than five times his annual salary; the COO to own an aggregate of common shares and RSUs valued at not less than three times his annual salary; and the CFO to own an aggregate of common shares and RSUs valued at not less than two times her annual salary. The current holdings of each of the CEO and CFO meet the new ownership requirements, although the future redemption of RSUs may decrease the total value held. The CEO, COO and CFO would have until August 12, 2019 to achieve this increased share ownership requirement if, as a result of (i) RSU redemptions or, (ii) a change in the conversion rate of US dollars to Canadian dollars in the case of Mr. Reid, their ownership level falls below the prescribed amounts. New individuals appointed to these positions will have five years from the date of their appointment to meet these requirements.

The purpose of these policy requirements is to more closely align senior management's interest with those of the Company's shareholders. For purpose of this policy, common shares are valued at the higher of cost to the executive and the market value thereof, and RSUs are valued at the higher of the market value thereof and the Market Price at the time of grant (see "Restricted Share Unit Plan" commencing on page 44 of this circular).

The table below shows the number and value of shares and RSUs owned, as of December 31, 2016, by the Company's three senior executives.

Name	2016 Base Salary	Multiple	Target Value of Share Ownership ⁽¹⁾	Number of Shares	Number of RSUs	Combined Value of Shares and RSUs Held ⁽²⁾	Meets Guidelines
B.R. Hedges	\$755,000	x5	3,775,000	120,097	73,621	\$4,955,306	yes
J.G. Reid ⁽³⁾	815,244	x3	2,445,732	37,539	32,210	2,086,022	pending
M.E. Britton	369,500	x2	739,000	95,872	13,544	2,798,862	yes

⁽¹⁾ On August 12, 2014, the board increased the share ownership requirements of Mr. Hedges to five times his base salary; Mr. Reid to three times his base salary; and Ms. Britton to two times her base salary. Each of Mr. Hedges, Mr. Reid and Ms. Britton were allowed five years to achieve the increase in share ownership threshold.

⁽²⁾ The values of the shares and RSUs reflected above are based on the closing price of a common share on the Toronto Stock Exchange on December 30, 2016 of \$25.58 for Mr. Hedges and Ms. Britton; and the higher of the closing price of a common share on the Toronto Stock Exchange on December 30, 2016 of \$25.58, or the market value of such shares at the time of acquisition and the Market Price of such RSUs at the time of grant for Mr. Reid.

⁽³⁾ Mr. Reid has until August 12, 2019 to achieve the increased share ownership threshold.

Hedging of Company Securities Prohibited

As set out in our Insider Trading Policy, the Company does not allow insiders to hedge their position in shares, options, deferred share units, restricted share units or other debt instruments by use of any financial instrument which would include but is not limited to puts, calls, warrants or short selling, designed to insulate the holder from a change in the market value of the stock of the Company.

EMPLOYEE SHARE AND OPTION BASED PLANS

The Company has the following employee share based compensation plans, which are described below: Employee Share Purchase Plan, Share Option Plan, Share Appreciation Rights Plan and Restricted Share Unit Plan.

EMPLOYEE SHARE PURCHASE PLAN

We have an Employee Share Purchase Plan (the "Value Sharing Plan") to provide our employees with the opportunity to purchase common shares, further aligning participants with the interests of shareholders and allowing them to share in the financial success to which they contribute. New employees may join the Value Sharing Plan on the first day of the month following the completion of three months of employment. Employees may make contributions to the Value Sharing Plan through payroll deductions. For employee contributions of up to 5% of their base pay, we contribute an amount equal to one third of the employees' contributions.

All contributions to the Value Sharing Plan are used to purchase common shares in the market at then current share prices. Contributions made by the Company vest immediately. Employees may withdraw all of the contributions made in their name (including our contributions) at any time. If an employee withdraws our portion of the contribution made in his or her name, he or she may not participate in the Value Sharing Plan for six months.

The Value Sharing Plan is available to the majority of our employees in Canada and the United States. The Value Sharing Plan is independently administered by Sun Life Financial for Canadian employees and by Solium Capital for U.S. employees.

SHARE OPTION PLAN

We have established a share option plan for our employees and officers. Starting in 2014 employees were granted RSUs in lieu of participation in the share option plan. The share option plan has been maintained to offer long-term incentives to the CEO, COO and CFO and allow us to attract and retain new candidates to these positions. Effective February 2017, the COO will receive share appreciation rights (see "Share Appreciation Rights Plan" on page 44 of this circular).

The Plan has a fixed number of shares issuable thereunder. The aggregate number of shares reserved for issuance is set at a maximum of 4,498,909 common shares. At December 31, 2016, there were 450,178 common shares available for issuance under the Plan. On February 16, 2017, an aggregate of 141,773 options were granted to the CEO and CFO valued, in the case of the CEO at \$350,000 and in the case of the CFO at \$210,000, in accordance with the Company's long-term incentive compensation program.

Options vest in accordance with terms determined by the Board. Options granted vest as to 25% of the original option grant on each of the first, second, third and fourth anniversary of the date of grant. Options granted are not transferable and have a maximum term of ten years.

The exercise price of an option is not less than the closing price of a common share on the TSX for the business day immediately preceding the grant date. The customary practice of the Board in issuing options is to issue them with an exercise price equal to the higher of: (a) the closing price of a common share on the TSX for the business day immediately preceding the grant date; and (b) the closing price on the TSX on the second business day following the grant date.

On termination of employment, unvested options are forfeited and vested options may be exercised within 30 days following the date of termination subject to an extension provided under the plan if the period falls within a blackout period. The Board of Directors at its discretion can extend such period to not later than the earlier of original expiry date of the options and the fourth anniversary of termination of employment in certain situations including retirement of an employee. Upon death of an eligible person, the deceased participant's legal personal representative may exercise all options that vest in accordance with the terms of the Plan for a period of 18 months following death.

The Plan provides that (a) the number of common shares reserved for issuance pursuant to options granted under the Plan or otherwise granted under all other share compensation arrangements to insiders (as defined in the Plan) may not exceed 10% of the issued and outstanding common shares of the Company, and (b) the issuance of common shares to insiders under the Plan and under all share compensation arrangements within a one year period may not exceed 10% of the issued and outstanding common shares of the Company.

The Board of Directors may amend the plan from time to time. Prior shareholder approval is required for certain material amendments to the plan, including to increase the number of common shares issuable under the plan, to reduce the option price or extend the exercise period of an option, to cancel and reissue any option or to modify the persons that are eligible to participate under the plan.

Shareholder approval is not required for amendments of an administrative nature, amendments to ensure compliance with applicable laws or other regulatory requirements, amendments to add a cashless exercise feature to the plan or amendments to change the vesting or termination provisions of the plan or any option (provided it does not entail an extension beyond the originally scheduled expiry date for the given options other than in the case of a "trading blackout"). The Board of Directors may also suspend, discontinue or terminate the plan at any time.

Gain by Named Executive Officers from the Exercise of Share Options

In 2016, Ms. Britton and Mr. Halcrow were the only Named Executive Officer to exercise share options. Ms. Britton exercised 15,000 share options and Mr. Halcrow exercised 10,000 share options. These share option exercises resulted in a gain upon exercise to Ms. Britton of \$149,100 and to Mr. Halcrow of \$58,400, before applicable taxes.

SHARE APPRECIATION RIGHTS PLAN

We have established a share appreciation rights plan ("SARs Plan") for our employees and officers. The plan has been established to offer long-term incentives to senior management and allow us to attract and retain new candidates to these positions. On February 16, 2017 the COO was issued 63,291 share appreciation rights ("SARs") in place of share options, valued at \$250,000 in accordance with the Company's long-term incentive compensation program.

SARs vest in accordance with terms determined by the Board. SARs granted vest as to 25% of the original SARs granted on each of the first, second, third and fourth anniversary of the date of grant. SARs granted are not transferable and have a maximum term of ten years.

The exercise price of a SAR is not less than the closing price of a common share on the TSX for the business day immediately preceding the grant date. The terms of the SARs Plan mirrors those of the share option plan and the Board has followed its customary practice with respect to share options such that SARs have been issued with an exercise price equal to the higher of: (a) the closing price of a common share on the TSX for the business day immediately preceding the grant date; and (b) the closing price on the TSX on the second business day following the grant date. SARs are cash settled by the Company and the recipient is entitled to cash in the amount by which the market value of the shares on the date of exercise exceeds the exercise price of the applicable SAR.

On termination of employment, unvested SARs are forfeited and vested SARs may be exercised within 30 days following the date of termination subject to an extension provided under the plan if the period falls within a blackout period. The Board of Directors at its discretion can extend such period to not later than the earlier of original expiry date of the SAR and the fourth anniversary of termination of employment in certain situations including retirement of an employee. Upon death of an eligible person, the deceased participant's legal personal representative may exercise all SARs that vest in accordance with the terms of the plan for a period of 18 months following death.

The Board may amend the plan from time to time and may also suspend, discontinue or terminate the plan at any time.

RESTRICTED SHARE UNIT PLAN

We have a restricted share unit plan (the "RSU Plan"), to provide medium term incentive compensation to our CEO, COO, CFO and other employees for their continued efforts in promoting the growth and success of the business of the Company and assist the Company in attracting and retaining senior management personnel. The Board has authority, in its sole discretion, to determine the eligible full time employees to whom RSUs may be granted and the number of RSUs to be granted to any participant.

An RSU is a unit equivalent in value to one common share based on the Market Price. Under the RSU Plan, the expiry date for any RSU shall be the first to occur of: (i) December 5 of the third calendar year following the year in which the services were provided to which such grant of RSUs relates; and (ii) the third anniversary of the grant date. An RSU shall vest as one-third on each of the first and second anniversaries of the date of grant and the remaining one-third on the expiry date. On the expiry date of a vested RSU, the Company is obligated to pay to the participant cash in an amount equal to the Market Price of a common share at such expiry date. "Market Price" for purposes of grants, redemptions and dividend payments under the RSU Plan is equal to the average of the daily average of the high and low board lot trading prices of the common shares on the TSX for the last five trading days immediately preceding the date in question.

At the time of an RSU grant, the Board has the authority to change both the grant date and the vesting period. If a participant ceases to be an employee for reasons other than death or retirement at or after age 65 (i) RSUs that are then vested will be paid within 25 days following the date the participant ceased to be an employee and in any event no later than December 31 of the year the participant ceased to be an employee; and (ii) RSUs that are not then vested shall terminate and be forfeited. On the death of a participant or on the retirement of a participant at or after age 65, any unvested RSUs will vest immediately and will be paid within 25 days following the date of death or retirement but no later than December 31 of the year of death or retirement. The Board may, in its discretion, following the grant date but prior to a vesting date, designate an earlier vesting date for all or any portion of the RSUs then outstanding and granted to a participant.

Participants in the RSU Plan are credited with additional RSUs on each dividend payment date in respect of common shares, in an amount that corresponds to the amount of the dividend, based on the number of RSUs recorded in the participant's account on the record date for the payment of the dividend and the Market Price of the common shares on such dividend payment date.

RSU GRANTS – DECISION MAKING PROCESS

The Board of Directors approves the list of eligible employees and officers to whom RSUs are granted and the respective numbers of RSUs granted. Management makes its recommendations to the MR&C Committee as to the number of RSUs to be granted to each eligible employee or officer, and in turn the MR&C Committee makes its recommendations to the Board. In formulating its recommendations, the MR&C Committee takes into consideration the recommendations of the CEO concerning employees other than the CEO, COO and CFO whose RSUs are based on the values disclosed in the "2016 - Incentive Compensation Tables", on page 32 of this Circular. The MR&C Committee also takes previous incentive awards into account when considering new awards. Only bona fide full-time employees of the Company and its subsidiaries are eligible to participate. The value of the total RSU grants to employees other than the CEO, COO, CFO are increased or decreased based on earnings in the year prior to the grant. An employee's level of responsibility and performance are the principal factors considered by the CEO and MR&C Committee when recommending individual employee grants.

PENSION PLAN AND OTHER BENEFITS

Russel Metals provides retirement benefits in various forms, including defined benefit plans, defined contribution plans and registered retirement savings plan contributions.

DEFINED BENEFITS PLANS

Mr. Hedges and Ms. Britton participate in a final average earnings plan, which plan includes other members of senior management of the Company. Due to their respective salary levels, this plan provides the maximum benefit allowable, which in 2016 was \$2,890 per year of service under the Income Tax Act. The normal form of benefit for a member without a spouse at retirement is a pension payable for life and guaranteed for 120 months. For a member with a spouse at retirement, the normal form is a pension payable for life, reducing on the member's death to 60% and payable thereafter to the surviving spouse. There is an offset for Canada Pension Plan benefits.

Mr. Hedges also participates in a defined benefit individual supplementary retirement plan, which entitles him to a maximum annual pension at age 65 which, together with all other pension benefits (Canada Pension Plan benefits and amounts payable under the Company's defined benefit plan referred to above), equals the product obtained by multiplying 3% by the number of years of service to a maximum of 60% of his average salary for the 36 consecutive month period during which Mr. Hedges experienced his highest salary including periods of permanent disability. The maximum annual payment from the supplementary plan is capped at \$350,000. If Mr. Hedges ceases to be employed prior to age 65 and he elects to accelerate the payment of his supplementary pension, the annual amount he will be entitled to will be reduced by one-half of 1% for each calendar month prior to the month in which he would be 65 years of age, calculated after the deduction of other pension benefits. On the death of Mr. Hedges following retirement, his surviving spouse would become entitled to a pension of up to two-thirds of his supplementary pension. If there is no surviving spouse, a lump sum is payable to a named beneficiary in the amount of 60 times the supplemental monthly pension benefit, less any amount paid to Mr. Hedges from the supplementary retirement plan. We have agreed to make payments to fund an individual trust representing the portion of the Company's obligations under the supplementary retirement plan arising in respect of Mr. Hedges' service after December 31, 2002. Obligations related to the period prior to December 31, 2002 are unfunded.

The following table summarizes prescribed information regarding the benefits payable to Mr. Hedges and Ms. Britton under the defined benefit plans referred to above. No other Named Executive Officer participates in a defined benefit plan.

NAME	NO. OF YEARS CREDITED SERVICE	ANNUAL BENEFITS PAYABLE		OPENING PRESENT VALUE OF OBLIGATION AT START OF 2016	COMPENSATORY CHANGE ⁽¹⁾	NON-COMPENSATORY CHANGE ⁽²⁾	CLOSING PRESENT VALUE OF OBLIGATION AT END OF 2016
		AT YEAR END	AT AGE 65				
B.R. Hedges	22.5	\$415,000	417,000	5,811,000	281,000	419,000	6,511,000
M.E. Britton	32.0	92,000	103,000	1,586,000	53,000	107,000	1,746,000

⁽¹⁾ Compensatory change represents the service cost for 2016 and any difference between estimated and actual earnings.

⁽²⁾ Non-compensatory change includes interest on beginning of year obligations, experience gains and losses and change in actuarial assumptions.

Amounts shown in the table have been determined using the same actuarial assumptions as those used to determine the year-end pension plan valuations disclosed in note 14 of the 2016 consolidated financial statements.

DEFINED CONTRIBUTION PLANS

Ms. Britton and Ms. Kelly participate in defined contribution plans. The following table sets out prescribed information concerning the accrued values of these plans and compensatory and non-compensatory payments under these plans for 2016. The respective plans are described in more detail below the table:

NAME	ACCUMULATED VALUE AT START OF 2016	COMPENSATORY ⁽¹⁾	ACCUMULATED VALUE AT END OF 2016
M.E. Britton	\$1,119,991	\$135,237	\$1,286,838
M.A. Kelly	74,389	11,539	100,399
⁽¹⁾ <i>Compensatory value represents the Company's aggregate contributions made during the year.</i>			

Ms. Britton participates in a defined contribution individual supplementary retirement plan. This plan provides for an annual contribution to a trust of an amount equal to 36.6% of Ms. Britton's salary for service on and after January 1, 2007. The plan is intended to provide for maximum annual payments commencing at age 65 in an amount which, together with all other pension benefits (Canada Pension Plan benefits and amounts payable under the Company's defined benefit plan), would total 60% of her average salary for the 36 consecutive month period during which Ms. Britton experienced her highest salary. If Ms. Britton retires prior to age 65 and elects to accelerate the payment of her supplementary pension, the maximum annual amount of the payment from the trust will be reduced by one-half of 1% for each calendar month prior to the month in which she would turn 65 years of age. On the death of Ms. Britton following retirement, her surviving spouse would be entitled to an annual payment not exceeding two-thirds of the annual payment Ms. Britton would be entitled to under the supplemental plan. The funding of the supplemental payments will be limited to the contributions made by the Company to the trust and the earnings of the trust, net of any losses of the trust. Assets of the trust available for the funding of supplementary payments include amounts in the refundable tax accounts of the trust. Any funds remaining on the death of Ms. Britton and her spouse will be paid to her named beneficiary.

Ms. Kelly participates in a defined contribution plan covering our Canadian employees, which provides for an annual contribution of an amount equal to 2% of Ms. Kelly's base salary. In addition, we make contributions based on a percentage of the contributions made by Ms. Kelly. A contribution of \$11,539 was made in 2016. All contributions vest immediately.

401K PLAN AND RETIREMENT SAVINGS PLAN

Mr. Reid participates in a 401K defined contribution plan covering our U.S. employees. We make contributions based on a percentage of Mr. Reid's compensation and his personal contributions up to a maximum each year. The maximum contribution for 2016 was US\$9,600 (Cdn\$12,726). All contributions vest immediately. Mr. Halcrow has an amount contributed to his registered retirement savings plan. A contribution of \$10,000 was made on behalf of Mr. Halcrow during 2016.

LIFE INSURANCE POLICY

In 2016, we signed an agreement with Mr. Reid to fund a Whole Life Insurance Policy (the "Reid Life Insurance Policy"). In accordance with the agreement, annual premiums of up to US\$150,000 per year on the Reid Life Insurance Policy will be paid. The life insurance policy payments are in lieu of executive pension arrangements. Our obligation to pay the annual premiums is dependent on Mr. Reid being employed as an Executive Officer of the Company or an affiliate. The Reid Life Insurance Policy is owned by Mr. Reid and payable to his estate in the event of his death. In addition to paying the annual premiums, we have agreed to compensate Mr. Reid in the form of additional cash compensation for the grossed up tax payable on his life insurance taxable benefit, which was US\$82,314 for 2016.

CHANGE OF CONTROL AGREEMENTS

The Company has entered into change of control agreements with each of Mr. Hedges, Ms. Britton and Mr. Reid described below.

DOUBLE TRIGGER CHANGE OF CONTROL AGREEMENTS

We have entered into change of control agreements with Mr. Hedges, Ms. Britton and Mr. Reid providing for their continued employment for two years following a change of control and for severance payments in certain circumstances in the event of the termination of their employment within two years of a change of control. Such circumstances include termination of employment by Russel Metals (other than for just cause, disability or retirement) or termination of employment by the executive officer for good reason. A "good reason" includes the occurrence of any of the following without the executive officer's express written consent: (i) the Company assigning to the executive officer duties inconsistent with his / her position, duties, responsibilities and status with the Company immediately prior to the change of control; (ii) a reduction by the Company to the executive officer's annual salary; (iii) failure by the Company to continue in effect any benefit, bonus, incentive or retirement plan in which the executive officer is participating immediately prior to the change of control; (iv) the Company relocating the executive officer to any place other than the location at which he / she performed his / her duties for the Company immediately prior to the change of control; (v) any breach by the Company to any provisions of the Change of Control Agreement; or (vi) any failure by the Company to obtain the assumption of this Agreement by an successor or assign of the Company. A "change of control" includes the acquisition of effective control by a person or group of persons acting in concert or a determination by the Directors that a change of control has occurred or is about to occur. For such purpose, any person or group holding securities which entitle such holder or holders to cast more than 25% of the votes attaching to all shares in the capital of the Company which may be cast to elect Directors shall be deemed to be in a position to exercise effective control. A change of control will also have occurred if incumbent Directors cease to constitute a majority of the Board of Directors. For this purpose an incumbent Director is any member of the Board of Directors of the Company who was a Director immediately prior to the event which gave rise to the change of control, and any successor to an incumbent Director who was recommended or elected or appointed to succeed an incumbent Director by the affirmative vote of a majority of the incumbent Directors.

Upon termination under these circumstances, the executive officer is entitled to receive a lump sum payment of two times his or her current salary, including one-half of the amounts paid or payable pursuant to any profit sharing, cash incentive or bonus program during the last 24 months. The executive officer is also entitled to receive an amount on account of the value of all options or other rights to acquire common shares held by the executive officer or to which he or she would have been entitled, an amount on account of pension benefits to which the executive officer would have been entitled and certain other benefits. In addition, if the executive officer holds options for the purchase of common shares in the Company ("Unexercised Rights"), all Unexercised Rights so held that were not exercisable at the date of termination, shall be accelerated so that such Unexercised Rights become immediately exercisable and all Unexercised Rights shall remain exercisable for 180 days following the date of termination. Similarly, RSUs become fully vested and are cashed out within 25 days from termination.

The following table sets out the payments to which each of the CEO, COO and the CFO would have been entitled had they been terminated on December 31, 2016 within two years of a change of control of the Company:

Board Charter	<p>The Board has explicitly assumed stewardship responsibility for Russel Metals as well as responsibility for the matters specifically set out in the CSA Governance Rules.</p> <p>The Board of Directors reviews and approves our strategic direction, business plan and capital expenditure budget annually. The Board and management also discuss the Company's goals and objectives over the next five years, look back at the previous five years to assess performance, successes and failures and consider the opportunities and risks of the Company's business.</p> <p>The cyclical and dynamic nature of the Company's business requires that the Company be proactive and agile to respond and react to rapid market changes. Management presents and discusses with the Board changes in conditions and the operating environment quarterly and management also reports to the Board on performance and financial results in writing between meetings.</p> <p>The Board of Directors approves acquisitions and capital expenditures in excess of \$1 million.</p> <p>The Board of Directors reviews and approves changes in business focus, corporate financings and debt issues.</p> <p>The Board expects management to keep it apprised of all material risks facing us and to provide it with regular reports on our activities and on any external developments that are likely to affect the Company.</p> <p>The Board also expects management to advise it of any events that have or are likely to have a material effect on the Company.</p> <p>The interaction between the Board and management challenges management to proactively manage the cyclical nature of the business to ensure it maximizes shareholder value.</p> <p>The Board is satisfied that the functions and respective responsibilities of the Board and management are clearly understood and supported by all participants in our governance process.</p> <p>The Board charter is included as Schedule A to this Circular, commencing on page 60.</p>
Size of Board	<p>The number of Directors to be elected at the Meeting is set at ten.</p> <p>This size and composition of the Board brings a balance of industry and operational expertise as well as backgrounds in other areas that management and the Board believe are of benefit to us.</p> <p>Our articles require us to have a minimum of seven and a maximum of 12 Directors.</p>
Director Term Limits and Retirement Policy	<p>The Company has not set director term limits nor has the Company set a mandatory retirement age for directors. We believe that a board of directors with a broad mix of skills is better able to oversee the wide range of issues that arise with a company of our size and complexity. Industry experience is a key skill, which can only be garnered through years of experience. The application of director term limits or a mandatory retirement age could potentially result in the loss of valuable contributors. The Company has chosen to manage director tenure through a rigorous director evaluation and assessment process, which is conducted annually and a demonstrated commitment to the process of periodic Board renewal. This process, which includes a self-assessment, Board and Committee evaluations and a periodic peer evaluation is designed to identify any circumstance in which a particular director is not making a sufficient contribution. It is the responsibility of the Company's Chair of the Board to remove directors who are not performing, rather than simply relying on director term limits or a director being required to resign due to age to solve difficult situations. Technically each director's term expires no later than the next annual shareholders' meeting. The Company also manages director tenure by disclosing each director's tenure and age in the Company's information circular, allowing shareholders to make an informed decision relating to the election of nominee directors.</p>
Board Committees	<p>Russel Metals' Board committees are the Audit Committee, NCG Committee, MR&C Committee and EMH&S Committee.</p> <p>The members of these committees are all independent and are listed under "Committees of the Board of Directors" on page 17 of this Circular.</p> <p>The Board has adopted charters for each of these committees.</p>

Practices of Russel Metals

Nomination of New Directors

The NCG Committee is responsible for making recommendations to the Board concerning new Director candidates.

When new Directors are required, the NCG Committee determines the skill set of a potential Director that it believes would best suit the circumstances, having regard to the skills described in the Matrix commencing on page 19 of this Circular and certain other factors considered relevant by the NCG Committee.

The NCG Committee develops profiles of individuals whose background and skills would complement those of the existing Directors for consideration by the Board.

Gender Diversity on the Board of Directors and Senior Management

We believe that a Board made up of highly qualified individuals from diverse backgrounds promotes better corporate governance and performance and effective decision-making. While it has not adopted a specific policy regarding Board or executive diversity, the NCG Committee nonetheless makes efforts to ensure that directors and officers have a wide range of skills, experiences and backgrounds to meet our needs. To support this objective, the NCG Committee and the Company will, when seeking candidates for the Board or senior executive positions, among other things (a) consider candidates who are highly qualified based on their experience, functional expertise and personal skills and qualities; and (b) consider diversity criteria including gender and geographical background of the candidate.

The Board has not, at this time, adopted any fixed targets or quotas relating to the representation of women on the Board or in executive officer positions as it does not believe that quotas or a formulaic approach necessarily result in the identification or selection of the best candidates.

Women represent 30% of the Company's Board of Directors and nominees to the Board of Directors. 29% of the Company's executive officers (including executive officers of the Company's major subsidiaries) and 40% of the Company's Named Executive Officers are women. For further details relating to the "Representation of Women" see page 21 of this Circular.

Management Resources and Compensation Committee

The responsibilities of the MR&C Committee include:

- reviewing and making recommendations to the Board (without the participation of the CEO) concerning compensation for the CEO
- reviewing and making recommendations to the Board concerning compensation of other executive officers and Directors, incentive based plans and share based plans
- approving and monitoring share ownership policies
- overseeing any changes to the design of the Company's pension plans and 401k plans
- reviewing and considering the implications of the risks associated with our compensation policies and practices, specifically, situations that could potentially encourage an executive to expose Russel Metals to inappropriate or excessive risks
- reviewing compensation disclosure in public documents, including the Compensation Discussion and Analysis for inclusion in this Circular, in accordance with applicable rules and regulations
- reviewing succession plans for the CEO and other members of senior management

The Board annually appoints a fully independent MR&C Committee and its Chair.

The MR&C Committee considers matters within its mandate and makes recommendations to the full Board.

As part of each meeting, the MR&C Committee members meet without any member of management present.
